Hello, this is Heather Kitto - Supervisor with ODHS Child welfare urgently trying to reach you regarding your daughter who has been taken into protective custody and is the hospital. My workers Wiengkhone and Nicole Bennett have been trying to reach you to assist with a ride to the hospital so that we can release custody to you. It's urgent that you return one of our calls as soon as possible so that we can make those arrangements.

Please do call. We've received new information that your child has disclosed suicidal intent if she was made to return to your care, so she will remain in protective custody while we assess these concerns and she will not be released to your custody tonight

Hello, she is still at the hospital, and we will be working to try to place her in your relatives home who visited last evening - Mark who volunteered to be a placement resource and certifying them as a foster parent today. In my email I requested if you had any other relatives you wished for the agency to consider for placement. Please let us know via response to that email. A worker will be coming to your home today with the court summons .

But she is still there at the hospital? I'll call again. I'm not sure why they said she wasn't.

Have you reached out to Nicole? I am not personally at the hospital to bridge this communication but Nicole is presently the person with direct information. Do you need her number again? I can provide that to you

Hello Ashley, I'm hearing that hospital staff are concerned that you are calling and being escalated with staff and calling upon hospital security. I need you to direct your communication to Nicole as she is the ODHS representative at the hospital currently and Almira is in ODHS protective custody . Because there are concerns about the nature of your communication with Almira and staff, your contact with Almira isn't going to be permitted today. We will work to establish a plan for that contact after the court hearing tomorrow. As mentioned above, please reply to my email with any family or kin resources you would like the agency to consider for placement for Almira tonight until the court hearing tomorrow. Thank you

Nicole can provide you all of the updates regarding Almira and the ongoing assessments occurring at the hospital .
